

## *Katonah Swim and Dive Team 2017*

Dear KSDT family,

My name is Philip Kenney. I am excited to inform you all that I will be filling in as your dive coach while Christina Crowell is still at school. I have been working for the Town of Bedford for about 9 years first as a lifeguard, then as the Bedford Hills pool director, as well as the Bedford Village dive coach for the past five seasons.

The Katonah Swim and Dive program has always been something I know all of you take pride in. There is always great talent and more importantly a strong bond between team members, family, and coaches. I am happy to be able to contribute this preseason to your team!

Speaking from experience, when Katonah is on your schedule it's a date that you keep circled on the calendar!

I will be working closely with Christina and her plans for this season but until she returns, I look forward to meeting all of you and get this season started!

Kindly,  
Phil
